Description:

Drawing on the success of her first book, , Karen Kingston has met popular demand by expanding on the indispensable activity of clearing clutter. There is very little of actual Feng Shui here, and certainly nothing you can't get elsewhere, but the clutter problem gets full and complete treatment. Kingston reminds us that clutter is stuck energy that keeps you stuck in undesirable life patterns. Therefore, you can "sort out your life by sorting out your junk." Kingston covers the reasons we keep things as well as the amazing stories of people who have cleared their clutter away. More than just junk, clutter is all those things that have negative symbology and that collect stagnant energy. This latter can also apply to bodily, emotional, and spiritual clutter, all of which Kingston describes with

characteristic passion. In an age of accumulation, it's good to see a book that frees up life again. --
This text refers to an alternate edition.

Review What a great book ... I have read it twice in a week and underline more of it each time.
Thanks, Karen, for helping me to simplify my life in a joyful way -- Louise Hay A gem of a book. You'll
read it on the bus going home and be boxing, filing and clearing the instant you're through the door
