Description:

A practical, how-to guide to designing mixed methods studies

Combining the latest thinking about mixed methods research designs with practical, step-by-step guidance, the **Second Edition** of **Designing and Conducting Mixed Methods Research** now covers six major mixed methods designs. Authors John W. Creswell and Vicki L. Plano Clark walk readers through the entire research process, from formulating questions to designing, collecting data, and interpreting results and include updated examples from published mixed methods studies drawn from the social, behavioral, health, and education disciplines.

Intended Audience

This text is intended for use in Intermediate/Advanced Research Methods, Mixed Methods, Research Design, and Social Research Methods courses across the social and behavioral sciences.
