**Description:**

**Review** "Riveting... Hancock has no rivals! A gripping adventure, prepare for the ride of your life through the challenges, both in the physical and spiritual plane, of a teenage girl in deepest, darkest Africa!" --The New American Times

**From the Inside Flap** *Suddenly, the growling noise from the dark force circling the aircraft was silenced.*

*I gazed through the smoky window and saw a flash of all the happy moments we shared on Milner Court--my friends, Darwin, and my dad. Granted, my mum was often a pain in my posterior, but with everything happening, she was certainly a welcome pain! These images brought a rush of peace and a newly found realization. If I died now, I was fine. Mum always told me I had a frightening personality, stubborn at my best. If I died, my spirit would grace this Savannah land! I had the best of times on Milner Court. Right then, death was no longer a threat. I welcomed it with open arms, closed my eyes, and listened as the aircraft made rattling sounds through the dreary weather. If this was my time to go, I would embrace darkness, as I had nothing else to lose.*

J.K Rowling and Amanda Hocking - WATCH OUT! A great journey with several unexpected twists... nobody tells the stories of Africa better than Fumi Hancock. Jewel Cardwell's takes us to the mysterious setting of south Sub-Saharan Africa. Britney O- A Facebook Fan
