## Description:

Tom Jones isn't a bad guy, but boys just want to have fun. Nearly two and a half centuries after its publication, the adventures of the rambunctious and randy Tom Jones still makes for great reading. I'm not in the habit of using words like bawdy or rollicking, but if you look them up in the dictionary, you should see a picture of this book. --This text refers to an out of print or unavailable edition of this title.

**From School Library Journal** Grade 9 Up-A full caste dramatization brings to life this romp through 18th century England.
